

18TH ANNUAL

**WOMEN OF
INNOVATION[®]
CONNECTICUT TECHNOLOGY COUNCIL**

**Join the Connecticut Technology Council in
supporting women and diversity in STEM and Innovation!**

For over 17 years, Women of Innovation[®] (WOI) has been the premier program in the state of Connecticut to recognize the achievements of women in the areas of science, technology, engineering, math, and innovation, as well as the women who support them.

We are proud to continue this tradition in 2023, returning to a live event that will include the opportunity to network with technology, academic and corporate leaders around the state and the professional firms that provide supporting services.

2023 Women of Innovation[®] Awards

Wednesday, October 25, 2023

5:00 – 7:00 P.M.

Southern Connecticut State University

We invite you and your company to show your support of women and girls in STEM and diversity in our state by sponsoring this unique event and contributing to the WOI scholarship fund! See page 2 for sponsorship details and contact information.

Matt Cohen, VP Research and Development at Medtronic, 2023 Women of Innovation® Sponsor

“At Medtronic, we are committed to creating a culture we all want to work in, an inclusive environment where people can be themselves, where they feel they belong, where they can bring their passions to work every day, where their voices are heard, and their contributions are valued. The Women of Innovation award is an excellent opportunity to recognize Connecticut technical leaders and their contributions to their fields. It exemplifies and celebrates how when we leverage diversity, we truly drive innovation.”
